gigatons (Gt) of ice.\n\nUsing the conversion factor that 1 Gt = 1 billion tons, this means that the ice sheet has roughly 2.9 million billion tons of ice.\n\nOh yes, math is involved!!\n\nNow, if the ice sheet is
losing 30 million tons of ice per hour, that would work out to 720 million tons of ice lost per day and a net 262.8 billion tons per year.\n\nHere's the math:\n\n30 million tons × 24 hr (1 day) × 365 days (1
year) = 262.8 billion tons / year\n\n262.8 billion tons of ice lost per year? \n\nOh my, that sounds scary!\n\nThat's, of course, until you realize that at the current rate, it would take more than 11,035 years
for the entire Greenland ice sheet to melt.\n\n>10 millennia\n\nLet's do more math to confirm this.\n\n2.9 million billion tons / (262.8 billion tons / year) = 11,035 years.\n\nNow, what would this
mean for sea level rise (SLR)?\n\nWell, according to NASA, for every 360 Gt (or 360 billion tons) of ice lost, the global average sea level rises by about 1 millimeter (mm).\n\nhttps://t.co/PmUG8X5nm
\n\nIf 262.8 billion tons of ice is lost per year, that would mean sea level rises at a rate of 0.73 mm (~0.03 in) / year from loss of Greenland ice alone.\n\nIgnoring Antarctica, this would cause the global
average sea level to rise about 1 ft every ~417.5 years.\n\nNow, the rate of ice loss could accelerate or decelerate depending on other factors (e.g. natural variability or positive / negative climate feedbacks),
but it's clear from these back of the envelope calculations that you are hyperventilating over nothing.\n\nThis is a very manageable problem.\n\nSo is your climate anxiety.\n\nJust stop parroting WEF
propaganda and go touch grass.","possibly_sensitive":false,"public_metrics":

mmigrat on isn t just some abstraction \n\nIt s directly affected me and my fam ly several t mes n the ast 12 months And the loca authorities don t want to do anyth ng about it \n\nAbout a year ago I m
driving to the gym m stopped at a l ght when an l ega t bones my truck I was concussed, d d n t remember the h t But saw her coming at me I think it was her 1st time behind the wheel \n\nAnd of
course she d d n t have any insurance Or a l cense or reg stration, or any other k nd of ID The traff c cop who was investigating visited me in the E R to take a report I asked if he arrested her He sa d he
no \n He told me he dea s with un nsured l ega s a l day every day and the system can t hand e t \n\n asked him f f she's actually who she said she was He just shrugged Said there's no way to
know \n\nSo he let her go And she disappeared \n\n ta ked to the DA s office Said I wanted her prosecuted and deported. The lady was talking to, who had a thick hispan c accent, told me to hold on
And then she hung up \n\n never got a cal back and they wouldn't take my ca ls It was too much of a hot button ssue and they don't want to dea And I have to wonder if the lady spoke with was an
llegal too \n\nThe truck was totaled I had to get a renta car wh le they sorted out the c aim Among other things need transpo to get to doctors appointments and PT \n\nIt was gett ng expensive and I
wanted find out if the car that hit me (which was not owned by the driver) had some sort of nsurance \n\nNobody could te me if the car had insurance But the address was on the tit e t was a house on
the other s de of town So I figured, fuck it ll just go over and ask \n\nI knocked on the door A nice lady answered to d her what was going on and she told me a crazy story \n\nThe car that h t me
belonged to her unc e who passed away 5 years pr or After he died they so d it to their mechanic But he never got a new title and so d it to someone e se \n\nShe didn't know how many times the car had
been so d or how many hands t had passed through in the last 5 years t was just loaned out and passed around without title reg strat on or nsurance, unt t came crash ng nto me \n\nI m sure that s
how th ngs work in whatever village the woman who h t me came from. There s no such th ng as a \"title\" or \"insurance\" You just borrow sh t And if you crash well then that s sad but ife s cheap here
and things happen. t s turd world stuff, but they re doing it here now \n\n t turned out investigators from my insurance company had a ready been to this woman s house, and now they were su ng her for
damages. She was desperately trying to figure out how to prove they so d the car to the mechan c 5 years prior \n\nShe was a ovely lady We bonded over be ng victims of the same llegal \n\nAga n, that
was about a year ago haven't heard anyth ng from the DA or the lady who h t me m st n pain and ll probably never be the same \n\n m one th ng, and can dea But what rea y p sses me off is when
my k ds are fucked with \n\nThe e ementary schoo s in our area are K 5 There s a great one in our ne ghborhood that my younger son attended \n\nHe was looking forward to starting 5th grade this year,
but due to overcrowd ng (because of the influx of immigrants) they dec ded they didn't have room for the 5th grade class. So for 5th grade my son and his c assmates were sent to a midd e schoo
nstead.\n\nThere's a big size/age/maturity d fference between a 5th grader and an 8th grader We were apprehensive, but my son wanted to be with h s friends and we were assured the 5th graders
wou dn t nterming e with the older kids \n\nBut of course they were nterming ng, and the b g kids were pick ng on the younger kids. \n\nThe academ cs were fucked too Someth ng ke 80% of the
students were testing below grade eve, and one th rd of the schoo was compr sed of \"newcomers\" (what the school ca s them) who d dn t speak ANY Eng sh. \n\nMany of these kids have never been n
any type of school And they weren t gett ng educated at home Most (if not a) of the parents are i terate Not only do they not speak Engl sh they don't speak Spanish fluently At home they speak the
ndigenous languages of Centra America The class translators (every class has a translator) can t even trans ate for these kids \n\n compla ned to the princ p e She was defensive and den ed there was an
ssue \n\nThankfu y we have schoo cho ce in our area so we started ooking for a new school. But before we could get him enro ed the schoo dec ded to reta ate \n\nThey said he \"assaulted\" the class
translator and was drawing violent magery (he was drawing ha oween skeletons, \n\nI pulled him that day He s in a much better school with Eng sh speakers. and he s thriving But t was a fucked up
situation It's not good for a ch d to go through something like that and it was completely unnecessary f not for the crush of mm grants \n\nAnd then today find out that someone ,most likely an legal) is
using my older son s socia secur ty number for employment at a Taqueria 2 hours away from our town \n\nWe l get it sorted But it won't be easy And t s upsett ng that th s wou d never have happened if
the Federa government had been doing the r job keeping the border secure and mak ng sure there was no emp oyment fraud \n\nThank god Trump won but January 20th can t come soon enough I rea y
hope th ngs change, and I hope it changes qu ckly \n\nTh s s tuation s not susta nable And t's a tragedy Not just for me and my family, but for the mm grants too \n\nThey need to go
back "),"possibly sens tive" fa se,"public_metrics":

Eustace Conway, who has lived at the western edge of the Blue Ridge Mountains in North Carolina for more than 25 years, teaches interns about the old ways of living with nature. Tom Oar needs an entire year to prepare for the 7-month-long winter on Montana's Yaak River. In Alaska, Marty Meerotto must gather enough wood to survive - in complete isolation - winters that can have temperatures drop to 60 degrees below zero. As the author of Land of Hope, a brilliant and balanced history of America, McClay understands how to tell the true story of our nation's greatness—its explorers, builders, and innovators. He's exactly the leader we need to restore the Smithsonian's mission.\n\nThis is the kind of bold move Leftists make when they take power, but it rarely occurs to the Right to undo it. This is how we turn a political victory into a cultural one. The way we think about our country has been under attack since the 60s. It's time we start celebrating America again.
